Outer Limits #2- Beyond Our Comprehension...the Gospel**

Outer Limits of Good News!

The Truth... We have a problem! (The Bible calls it sin)

The Good News... God knows all about our problem and He still loves us!

The Truth... Our sins separate us from God and from each other!

The Good News... God is ready to bring us home to Him and restore our relationships with others through Jesus!

The Truth...Our sin is killing us in more ways than we know!

The Good News... God's sacrifice of love and our receiving the gift of Jesus gives us assurance of eternal life with God in heaven and abundant life every day on this earth!

The Truth...We can't pay the price to get rid of our sin and the judgment it brings!

The Good News... God has offered the perfect payment to wash away all of our sins and Jesus took the judgment we deserved. Our part is to humbly receive the free gift of grace!
