

Victory

Week 2

Victory Over the Enemy

The Tactics of Our Enemy

1. He questions what God has clearly said.
2. He wants us to think there will be little or no consequences.
3. He wants us to focus on the temporary pleasure and “benefits.”
4. He loves when we sin in community...inviting others along.
5. He wants us to run from God...the only one who can forgive and heal us.
6. He wants us tormented and twisted by shame.
7. He wants us to blame each other and be divided and driven out of community.
